Lynx and Lynx Cat Highlight Day Two of Wild Fur Sale

Day Two of NAFA's Spring Wild Fur Sale was highlighted by a very large quantity of Lynx Cats and Lynx which both sold 100% at advancing prices to strong competition, dominated by Greece with support from all other markets. Coyotes sold at high prices, with greater than 90% clearances, as the Canadian and European trimming trade competed heavily for the better sections, with China dominating all other sections.

NAFA continues to be proud of its international wild fur promotional efforts which have generated these strong results for its wild fur consignors.

We would like to take this opportunity to thank the international fur trade for its tremendous support in our auctions this year. We wish you all a pleasant summer.
