

## Blue Iris Surprises on Day Three

Momentum from a strong Mutation Mink sale carried over into Day Three of NAFA's February auction. A quality collection of Silverblue and Blue Iris mink sold 100 percent amid competitive bidding from across the international buying community. In fact, one of the highlights of the day was the sale of Blue Iris mink which sold with surprisingly strong results. A very nice assortment of Mahogany mink also sold 100 percent under strong competition, particularly from China with support from Korea. Strong clearance levels continue to be an encouraging signal of confidence in the overall marketplace.
