NAFA's Mink Sale Concludes with Exceptional Results

NAFA concluded its mink sale today, selling its outstanding collection of Black, Mahogany and Demi/Wild Female mink to strong competition. Black Females achieved the highest overall average prices of the year while Mahogany and Demi/Wild Females sold at very firm levels. There was, however, some price resistance to the levels achieved earlier in the season on both the male and female Pastels.

Today, Korea and Hong Kong/China were the principal buyers of Black NAFA Females, with support from Greece. Hong Kong/China was the primary buyer of the Mahogany, Demi/Wild and Pastel varieties with good support from Korea.
